Happy Face® Yellow Potentilla

Potentilla fruticosa 'Lundy'

Height: 3 feet

Spread: 3 feet

Sunlight: ○ ●

Hardiness Zone: 2

Other Names: Bush Cinquefoil, Shrubby Cinquefoil

Group/Class: Happy Face Series

Description:

Presenting extra large, bright yellow flowers from spring to late summer, this stunning variety is also very tough and hardy and will survive challenging locations; great for mass plantings

Ornamental Features

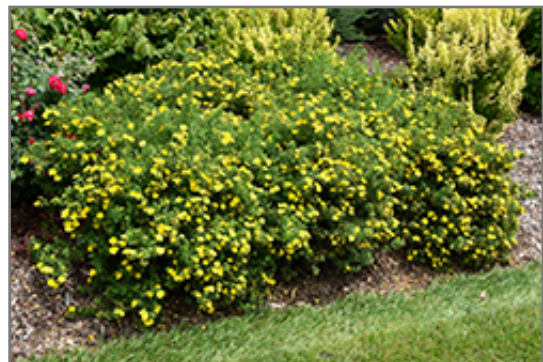

Happy Face Yellow Potentilla has yellow flowers with gold eyes at the ends of the branches from late spring to early fall. It has dark green foliage throughout the season. The small ferny compound leaves do not develop any appreciable fall color. The fruit is not ornamentally significant.

Landscape Attributes

Happy Face Yellow Potentilla is a dense multi-stemmed deciduous shrub with a more or less rounded form. Its relatively fine texture sets it apart from other landscape plants with less refined foliage.
